Healthcare and Hygiene Services

From day care of young children through hygiene at school and in the workplace to healthcare services and care of the elderly, Trust Hygiene provides a competent, efficient and flexible service.

Washroom Services

We offer a complete choice of washroom services delivering superior hygiene and helping to create a positive environment in the workplace for your staff, visitors and customers. Professionally trained and CRB checked operatives ensure Trust Hygiene leads the way in providing a friendly, reliable and flexible washroom service.

Clinical and Offensive Waste

The Environment Agency specify that all healthcare wastes should be separately collected.

Whether you require a basic service to collect and dispose of nappies or incontinence (offensive) wastes or controlled destruction of hazardous infectious clinical waste, sharps or medicines, Trust Hygiene is a registered carrier providing secure incineration, deep landfill or treatment and recycling. Collections may be from a simple external wheeled bin to a comprehensive healthcare waste service utilising ADR trained drivers.
