

RINSE AID

Re-Order
Code:

03242

ESSENTIAL PPE

POTENTIAL HAZARD

USES:

Rinse Aid contains special low foam detergents that reduce the surface tension of water which speeds up the drying time of crockery, cutlery and glassware in machine dishwashers. Rinse Aid contains additives to combat scale build up in rinse jets and lines.

DIRECTIONS:

Directions: Use via a positive metering system at a level of 200 to 400 ppm in the final rinse. Maximum efficiency is obtained at a temperature of 80-90 deg C. Leaving crockery and glassware dry and streak free.

HEALTH & SAFETY

Safety: Prevent contact with skin & eyes.
Keep out of reach of children. Observe common sense precautions when handling chemicals.

Wear suitable gloves/eye protective clothing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so.

For professional use only.

Safety data sheet available for professional user on request.
