ESSENTIAL PPE &
POTENTIAL HAZARD

Carpet & Fabric Deodoriser

Uses: Penetrates underneath the surface of the carpet to remove the source of odours from carpet backing and underlay. Replaces household bacteria that produce ammonia as a waste product. Biodegrades urine into

CO₂ and water. Lemon perfume for instant reodorisation before the bacteria start working. Totally out performs all detergent alternatives.

Directions: Spray directly onto the area affected. Product does not foam, allow the liquid to penetrate. Ensure the treated area is wet though not saturated. Leave to dry out, the area will be cleaned during a period of around 36 hours. Do not use in conjunction with antibacterial products.

FOR PROFESSIONAL USE ONLY
READY TO USE
