

PROFESSIONAL HOUSEKEEPING RANGE

BIO FRESHENER

Re-Order

Code:

09242

ESSENTIAL PPE

POTENTIAL HAZARD

Enzymatic action, natural and effective odour eliminator. ✓

Breaks down organic soiling and stains ✓

Powerful citrus scent ✓

Safe on all types of absorbent surfaces ✓

DIRECTIONS:

Dilute 5 parts water to 1 part chemical and apply directly to the area of soiling and leave to work (do not rinse). The micro-organisms produce enzymes which immediately begin to digest the organic matter breaking down the stain and eliminating odour. The strong citrus fragrance provides immediate relief from unpleasant odours until the biological action is complete. The biological action continues until the

organic matter is completely consumed or until the area dries. It can be re-applied (in stronger concentration or neat) as required without any risk of over use.

N.B. This product is not to be used in conjunction with any disinfectants or sanitisers.

FOR PROFESSIONAL USE ONLY.

Danger

Contains Benzisothiazolinone May produce an allergic reaction. Causes serious eye damage.

Keep out of reach of children. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get immediate medical attention. Keep out of reach of children.

CONTAINS: Sodium alkyl benzene sulphonate Benzisothiazolinone
